7/30/2026

Participation in these events is overseen by the Education & Volunteer Engagement Manager.

2. Youth DJ Program

KEXP offers a free education program teaching youth the art of music curation and radio. Working with KEXP DJs, young music-lovers gain knowledge and training in music curation, board operation, physical and digital asset management, mentorship, and basic radio skills. Youth also gain insight into non-commercial public community radio with classes taking place at the KEXP studio.

The program is five weeks long, from September 11, 2025 – October 9, 2025. Students who complete the full training may join a cohort of rotating hosts for KEXP's youth show 90.TEEN. The program is overseen by the Afternoon Show Producer & Programming Education Manager.

3. Education Tours

Education tours are available to public schools as well as non-profits and groups serving youth. They are free of charge and last approximately one hour. Education tours are focused on career-connected learning and include information about the diverse career pathways that exist in the radio and music industry, as well as different job positions and departments at KEXP. In the 2025-2026 license year, we offered 32 tours that reached 603 students. The education tours are managed by the Education & Volunteer Engagement Programs Administrator.

4. Internships

KEXP's internship program seeks to provide interns with hands-on experience in the nonprofit arts sector. Our program is designed to develop and equip emerging leaders interested in furthering their careers in a broad array of fields including music programming and production, audio engineering, education, and events.

Our interns learn skills in business communication, project management, problem-solving, audio technology, database management and more. These skills and experiences offer our interns a unique ground-level glimpse of the day-to-day life of a community-supported radio station and arts organization, while offering relationship building and networking opportunities with individuals throughout the music industry. All internships are paid.

Internships are a six month commitment from May through November. Our interns come from a variety of Seattle-area colleges and universities, including the University of Washington and Seattle Central.

Our internship program is administrated by the Education & Volunteer Engagement Manager and the Education & Volunteer Engagement Programs Administrator.
